

Pembroke Hopkins Park Construction Outreach Program

13355 E. 3000 S. Rd., Pembroke Township, IL 60958

Tel: (815) 944-8897 Fax: (815) 944-5675

Competencies / Objectives

MODULE 70101-09– Your Role in the Green Environment (15 Hours)

1. Describe the major challenges to the green environment that are caused directly or indirectly by the built environment.
2. Identify decisions and actions in your personal and work life that impact the green environment.
3. Prioritize your actions in terms of which ones matter most for the green environment.
4. Describe the life cycle phases of a building and the impacts on the green environment over its life cycle.
5. Identify green alternatives to conventional building practices and describe the pros and cons of those alternatives.
6. Identify specific practices you can implement at work to improve your impacts on the green environment.
7. Describe the Leadership in Energy and Environmental Design (LEED) rating process.
8. Identify construction activities that contribute to a project's LEED rating.
9. Identify common construction pitfalls that may affect a project's LEED rating.
